## *Bourbons*

Bourbon was created in the early 19th century after European settlers, particularly those from Scotland, began to settle the land that is present day Kentucky. These people brought with them traditional Scotch whiskey and refined the process to create bourbon. It is a type of whiskey distilled in the United States from a fermented mixture of hot water and grain mash containing at least 51 percent corn. Bourbon is typically amber or brown in color and cannot be over 160 proof. The production is a strictly controlled process with intense regulations. We have carefully selected 36 bourbons that showcase the diversity of this style of whiskey.

### *Woodford Reserve Barn Whisky*

We traveled to Kentucky to blend our own unique barrel of Woodford Reserve. We chose two unique barrels to blend into our own Barn No. 26 blend to offer our Guests a distinctive world class bourbon exclusive to the bourbon lounge and not available anywhere else. Cheers!

#### **Woodford Reserve Barn No. 26** ..... 18 / 2oz

Aromas of toasted almond and candied cherry, with hints of orange blossom and citrus candy. Rich and buttery on the palate, layered with vanilla, caramel and malt. Complex notes of coconut and pepper, finishing smooth with lingering caramel and soft tobacco.

**Ancient Age** ..... 11.75  
**Frankfort, KY.** *80 proof, aged 3 years, 51% corn, rye and barley mash-bill.* Medium in body and golden amber in color. The nose has notes of corn, caramel, toffee and vanilla. The palate includes toffee and light notes of citrus with a hint of spice at the finish.

**Baker’s Bourbon** ..... 19  
**Clermont, KY.** *107 proof, aged 7 years, the recipe is derived from Jim Beam, although the precise mash bill is a closely held company secret—it reportedly contains about 15% rye.* Medium-full in body and mahogany in color. The nose is vaporous, with caramel apples, strawberries, and corn chips; a little water brings out pear and sandalwood. Lots of sweet flavors and almost no spice on the palate. There’s plenty of bite at the end, with a sweet spiciness.

**Basil Hayden Bourbon**..... 13.75  
**Clermont, KY.** *80 proof, aged 8 years, mash is not disclosed but is considered a high rye whiskey.* Basil Hayden is Old Grand-Dad but aged longer. Light in body and tawny/auburn in color. The nose is full of dark fruit—plums and cherries, mostly—as well as cinnamon, candy corn and a touch of vanilla. The palate is very spice forward, much less sweet than it smells, with a medium-length, white pepper finish.

**Big House** ..... 9  
**Lawrenceburg, KY.** *90 proof, aged 6 years, 60% corn, 35% rye and 5% malted barley.* Complex in body, medium burn and golden caramel in color. Aromas of rye bread, vanilla, baking spices and caramel are present. On the first sip oak, maple, and dark fruit are found with a pleasant lingering finish.

**Middle West Spirits, Michelone Reserve Bourbon**..... 13.50  
**Columbus, OH.** *90 proof, aged under 4 years, corn, wheat, rye, barley mash bill.* Medium to full in body and dark amber in color. Cedar, honey, corn and banana can be found on the nose. Butterscotch, peach, corn, and cedar are all qualities present on the palate with medium heat.

**New Riff Single Barrel**..... 13.50  
**Newport, KY.** *110 proof.* New Riff Distilling’s core bourbon expression is a genuinely high-rye, full bodied whiskey offering savory, spicy character, bottled at barrel proof without chill filtration.

**Old Forester Bourbon**..... 9.75  
**Shively, KY.** *86 proof, no age statement, 72% corn, 18% rye, 10% malted barley.* Light in body and auburn in color. The nose has notes of banana, almond, and cereal. The palate is rich with brown sugar and cereal profiles.

**Old Forester 1910**..... 18  
**Louisville, KY.** *92 proof.* Old Forester 1910 Old Fine Whisky, undergoes a second barreling resulting in a smooth mingling of buttercream, sticky toffee and spice creating a refined, charred oak finish.

**Old Grand-Dad**..... 9  
**Clermont, KY.** *80 proof, aged 8 years, 63% corn, 27% rye, and 10% malted barley.* Medium in body with a golden honey hue. On the nose there are notes of caramel, honey and light fruit. The palate has a spicy complexity with a light fruit finish.

**Old Grand-Dad 114** ..... 10.50  
**Clermont, KY.** *114 Proof.* Old Grand-Dad is specifically formulated with more rye for a lighter, spicier flavor. The traditional 86-proof bourbon offers sweet, sour, and woody notes.

**Booker’s Bourbon**..... 31  
**Clermont, KY.** *121-130 proof, aged 6-8 years, this recipe is also based on the standard Jim Beam mash bills; although secret, it’s widely reported that the standard is 70% corn, 15% rye, and 15% barley.* Full and chewy in body and auburn/mahogany in color. The nose has cola, floral, cumin, butter and leather notes. Lots of spice, chili peppers, oak and sweet tea are found on the palate. Medium, dry finish with a little spice at the very end.

**Bulleit Bourbon** ..... 11.50  
**Lawrenceburg, KY.** *90 proof, aged 6-8 years, high-rye mash bill.* Medium in body and auburn in color. Notes of cola, hibiscus, marigold, caramel, and oak can be found. Water brings out sandalwood and peanuts. On the palate, grapes and red wine notes are present, finishing with a slight sweetness.

**Calumet Bourbon** ..... 19  
**Lexington, KY.** *86 proof, no age statement, corn, rye, malted barley mash bill.* Light in body and auburn in color. Floral and white pepper notes can be found on the nose. Complex caramel, light brown sugar and wood are profiles found on the palate.

**Cleveland** ..... 10.75  
**Cleveland, OH.** *100 proof, aged 6 months, undisclosed mash bill.* Full and chewy in body and tawny brown in color. Cedar and citrus are present in the aroma. The palate includes notes of oak, honey and pepper.

**Clyde May’s**..... 10  
**Conecuh Ridge, AL.** *86 proof, aged 4 years, corn, rye, malted barley mash bill.* Light and mellow in body and russet in color. On the nose there are aromas of applesauce, caramel, butterscotch, and coconut notes in various degrees. On the palate, the grain is present but far from overpowering, with the butterscotch particularly strong.

**Rebel Yell** ..... 9  
**Bardstown, KY.** *80 Proof, no age statement, corn, barley, wheat.* Light to medium bodied with a light caramel color. Aromas of honey, butter, and raisins. The palate includes honey and butter, followed by a hint of plum and raisins for a long, warm finish with an interesting touch of spiciness.

**1792 Ridgemont Reserve Bourbon** ..... 10  
**Bardstown, KY.** *93.7 proof, 8 years old, corn, rye, and malted barley mash bill.* Full and chewy in body and auburn in color. The nose has chocolate, vanilla, and stewed fruit notes. Bright fruits, citrus and cinnamon are found on the palate with a short finish.

**Russell’s Reserve Bourbon**..... 12  
**Lawrenceburg, KY.** *90 proof, aged 10 years, 51% corn, rye, malted barley.* Light/smooth in body and auburn in color. Honeysuckle, citrus, vanilla and apple are found on the nose. The palate has minimal spice with notes of toasted bread, and flowers with a bit of heat on the finish.

**Town Branch**..... 11.75  
**Lexington, KY.** *80 proof, aged 3 years, 51% corn, 49% malted barley.* Medium in body and golden amber honey in color. Pleasant woody and oaky aromas lead into caramel, toffee, brown sugar and hints of cherry are found on the nose. The palate is lavish and complex with a sweet and smooth finish.

**Elijah Craig Bourbon**..... 10.50  
**Bardstown, KY.** *94 proof, aged 12 years, low-rye mash bill.* Full and chewy in body and auburn in color. Toasted almonds, tangerines, sour apples, barley and a little yeast can be found on the nose. The palate lends flavors of cherry cola, spearmint, and cardamom. The finish is dry with a hint of curry.

**Evan Williams Single Barrel** ..... 9.75  
**Bardstown, KY.** *86 proof, no age statement, mash bill of corn, rye malted barley.* Rich, full body with delicate amber gold color. Nose of dark caramel, sweet oak and charred. Lush and spicy; oak with honey, apple and orange notes.

It is distilled to no more than 160 proof, and aged in charred, new oak barrels. Rye whiskey that has been so aged for at least two years may be further designated as “straight,” as in “straight rye whiskey.”

---

Tennessee whiskey is straight bourbon whiskey produced in Tennessee. However, most current producers of Tennessee whiskey disclaim references to their products as “Bourbon” and do not label them as such on any of their bottles or advertising materials. With one exception, all current producers are required by Tennessee law to produce their whiskey in Tennessee and to also use a filtering step known as the Lincoln County Process prior to aging the whiskey - which some assert makes the product distinct from the more generic product category called Bourbon.
